CIRCULAR

Sub: Applications invited - Recruitment of JRF- DST Project – Department of Applied Science and Technology - Reg.

DST has sanctioned Rs. 64,29,480/- for a major research project entitled, “Development of fluorine doped graphene based titania photocatalytic membranes for water treatment applications” under Technology Development Program (DST-TDP) to Dr. T. Sivakumar, Principal Investigator, Dept. of Applied Science and Technology, A. C. Tech, Anna University for the period of three years.

Applications on plain paper along with detailed bio-data containing name, DOB, age, address, full details of educational qualification, NET qualification, experience and copies of certificates are invited for the following temporary post under the above mentioned DST-TDP research project.

S. No	Position	Project	Essential Qualification	Salary/month
1.	JRF	DST	M.Sc.(Chemistry/applied chemistry/organic chemistry/analytical chemistry/ physical chemistry/inorganic chemistry/polymer chemistry) with NET qualification. Non NET candidates with the above qualification may also apply OR M. Tech (Chemical/Nano Tech/ Material Science/ Environmental Science and Technology)	Rs.25,000/- + 30% HRA (Rs.32,500/-) The salary will be revised to Rs.28,000/- + 30% HRA after two years. Salary for Non NET PG candidates will be as per DST guidelines.

Project period : 3 years (Jan 2018 to Dec 2020)

Amount sanctioned: Rs. 64.2948 lakhs

Candidates selected will have the opportunity to register for Ph. D at Anna University. The candidates with NET qualification and/or experience **in the area of catalysis/ membranes** will be given preference. As this project has collaboration with Aditya Birla Science and Technology Centre, Mumbai, the candidate should be willing to travel to Mumbai frequently.

Interested candidates may submit the applications to:

Dr. T. Sivakumar,

Principal Investigator , DST project,

Department of Applied Science and Technology

Alagappa College of Technology,

Anna University, Chennai -25
