Junior Research Fellow (JRF)

Applications are invited for the one post of **Junior Research Fellow (JRF)** in SERB-DST funded research project entitled as **“Design and Development of Robust Entropy Based Technique for Computer Aided Heart Health Diagnosis”**. The date of interview is **May 01, 2019 (Wednesday) 11:30 am onward** in the office of **Head, Department of Electronics and Communication Engineering**.

The details of project are as under:

Project Title	“Design and Development of Robust Entropy Based Technique for Computer Aided Heart Health Diagnosis”
Funding Agency	Science and Engineering Research Board (SERB) - DST, Government of India
Department	Electronics and Communication Engineering, NIT Jalandhar
Position	JRF (01)
Duration	Three Year
Qualification	M. Tech. or M.E. degree in Electronics and Communication Engineering with specialization/expertise in Biomedical Signal/Image Processing, Digital Signal Processing and Its Applications with first division in B. Tech. or B.E. degree in Electronics and Communication Engineering with first division. (The student having prior experience in Biomedical Signal/Image Processing will be preferred)
Fellowship	INR 31,000/- per month and HRA as per Institute rules
Age Limit	28 year (5 years' relaxation for SC/ST/OBC/ female/Physically Handicapped Candidate)

Interested candidates may send their application with complete bio-data and photocopies of certificates by post or email to Dr Ramesh K. Sunkaria, Principal Investigator, Department of Electronics and Communication Engineering, Dr. B. R. Ambedkar National Institute of Technology, Jalandhar, G T Road Bye Pass, Jalandhar, 144011, Punjab (Email- :sunkariark@nitj.ac.in; sunkariark@gmail.com). Selected candidate may be registered for Ph.D. degree at NIT Jalandhar as per institute norms.

No TA/DA will be paid for attending the interview.

(Dr Ramesh K. Sunkaria)
Principal Investigator
