

IIT Delhi Project Positions 2026

Industrial Research & Development Unit (IRD) — Latest Research Project Vacancies

TOTAL POSITIONS

6

DEPARTMENTS

5

LAST DATE

29 Jul 2026

Project Code	Project Title	Department	Principal Investigator
IITD-IRD-177-2026	A Multi-Scale Modelling Framework For Assessing Post-Fire Resilience Of Steel-Framed Building Connections Project ID: RM00156G	Department Of Civil Engineering	Prof. Suresh Venkatesh
IITD-IRD-179-2026	Characterization And Modelling Of Three-Dimensional Electrodes For Focused Electrical Stimulation Of Ganglion Cells In Degenerating Retina Project ID: RM00093G	Centre For Applied Research In Electronics (CARE)	Prof. Vikram
IITD-IRD-178-2026	Investigating The Impact Of Cancer Treatment On The Hepato-Vascular-Muscle Interplay In Cachexia Project ID: RM00209	School Of Biological Sciences	Prof. Saikat
IITD-IRD-176-2026	To Establish Sophisticated Analytical And Technical Help Institute (SATHI) At IIT Delhi Project ID: RP03829	School Of Biological Sciences	Prof. Monica Banerjee
IITD-IRD-175-2026	Nonlinear Aerothermoacoustics In Turbojet Engines – Analysis, Modeling, And Experimental Study Project ID: RM00161G_SN	Dept. Of Applied Mechanics	Prof. Pradyumn

Project Code	Project Title	Department	Principal Investigator
IITD-IRD-174-2026	Development Of Multi-Functional Surgical Instrumentation Including Robotic Actuators, End-Effectors And Articulated Arms For Minimally Invasive Neurosurgery Project ID: RP04452G	Department Of Mechanical Engineering	Prof. Surinder Kumar
