Invites applications for the post of

RESEARCH ASSISTANT – DATA SCIENCE AND SIMULATION

A research assistant position is immediately available in a project pertaining to the Operations and Decision Sciences (O&DS) area at IIM Ahmedabad. Responsibilities of the research assistant include carrying out research on real-world business problems using data science algorithms and analytical methods. Research work includes identifying the right algorithm or a combination of algorithms to solve the business problem and model implementation using Matlab/ R/ Python.

Applicants should have an graduate degree in engineering/operations research/ management science/applied mathematics/ economics/ econometrics, or other-related fields (from Tier-I institutions only) with a strong exposure to programming before the appointment begins. Further, strong written and oral communication skills are a must.

Duration: The position will be initially offered for a period of six months and may be extended depending on performance, at the discretion of the faculty supervisor.

Salary: Compensation will be governed by IIMA's policy, commensurate with qualification and experience.

Application and deadline:

Candidates meeting the above criteria are advised to APPLY ONLINE ONLY. The application attachment file should contain the following materials (as a single consolidated PDF): 1) a cover letter stating educational and relevant work experience, and 2) a detailed CV, with names and contact information of three references.

Application deadline: June 30, 2025
