Advt. No. WII/ADVT. 1/RP-CELL/ March, 2026

Online Application Open Date: 19 March, 2026

Online Application Close Date: 03 April, 2026

Wildlife Institute of India (WII), an autonomous Institution under the Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, is an acclaimed Institution, which offers training program, academic courses and advisory in wildlife research and management. The institute is actively engaged in research and technical across the breadth of the country on biodiversity-related issues and other multidisciplinary areas. WII invites online applications from **INDIAN NATIONALS** to engage **08 different categories of positions** for various research projects.

Submit your **ONLINE APPLICATION-FORM** at the specific application portal, given in the link <https://wiirp.com/application.php> or obtain the link via scanning given QR Code. **No printed application copy will be considered.** For more details, may also visit Recruitments section of Wildlife Institute of India website <https://wii.gov.in/recruitments>. Applicants are advised to keep your all-scanned copies of certificates/documents related to Educational Qualification, Marksheets, Work Experience, Reserved Category, UGC/CSIR NET, Publications, any other Supporting Documents, Application Processing Fee Receipt, Passport Size Photo, Digital signature etc. ready in advance before filling the Online Application

Form. The project details, along with position(s) which offers training program, academic courses and advisory in wildlife research and management to be engaged, EQ, DQ, Monthly Emoluments and other details of the advertised positions are given below:

S.No.	Details of the Advertised Positions	
01	Project Title	Mammalian Population Assessment in the State of Meghalaya Across Protected and Fragmented Landscapes
01 (1)	Position	Project Associate - I
	No. of Position(s)	One (01)
	Monthly Emoluments	37,000 + HRA (NET or GATE qualified candidates) 30,000 + HRA (For non-NET or GATE qualified candidates)
	Age Limit	35 years
	Project Duration	1 Year to be extended
	Essential	Master's Degree in Natural Sciences (Wildlife Science/ Zoology/

S.No.	Details of the Advertised Positions	
	Qualification(s)	Ecology/ Marine Sciences / Marine Biology/ Environmental Sciences/ Geoinformatics/ Life Sciences)/ Agricultural Sciences from recognized institute/ University
	Desirable Qualification(s)	Demonstrated experience of fieldwork on biodiversity/ wildlife science/ ecology
	Description of Work	1. Candidate is expected to work in harsh climatic condition carrying out ecological survey. 2. Data analysis and Scientific report writing. 3. Good knowledge of population estimation methods
02	Project Title	Strengthening conservation and resilience of globally significant wild cat landscapes through a focus on small cat and leopard conservation
02 (1)	Position	Project Scientist I (Ecology)
	No. of Position(s)	One (01)
	Monthly Emoluments	77,000 + HRA
	Age Limit	45 Years
	Project Duration	One year (likely to be extended)
	Essential Qualification(s)	Doctoral Degree in Natural Sciences (Wildlife Science / Ecology / Biodiversity and Conservation) from a recognized University or equivalent
	Desirable Qualification(s)	Proven experience in wildlife research with emphasis on carnivore ecology, camera trap-based population assessment, and ecological field studies in forest landscapes. Experience in study design, data analysis using R, and spatial analysis using GIS (ArcGIS/QGIS) is desirable. Experience in supervising field teams, coordinating with Forest Departments and stakeholders, conducting training programmes, and scientific writing will be preferred. Experience in implementing conservation projects and community-based conservation initiatives will be an added advantage.
	Description of Work	The Project Scientist-I will lead and coordinate the scientific implementation of the project focusing on population assessment and conservation of Fishing Cat in the Dudhwa landscape and Clouded Leopard in the Pakke–Eaglenest landscape. The candidate will design and supervise camera trap surveys, oversee field teams, analyse ecological data, and prepare scientific reports and publications. The individual will coordinate with Forest Departments and stakeholders, facilitate training and capacity building of frontline staff, and support community outreach and conservation initiatives. The position involves supervision of project personnel, project coordination, extensive fieldwork, and ensuring timely completion of project deliverables, along with other scientific and technical responsibilities assigned by the Principal Investigator.
02 (2)	Position	Senior Project Associate
	No. of Position(s)	One (01)
	Monthly Emoluments	57000 + HRA

S.No.	Details of the Advertised Positions	
	Age Limit	40
	Project Duration	One year (likely to be extended)
	Essential Qualification(s)	Master's Degree in Natural Sciences (Forestry) from a recognized University or equivalent. Candidates must have strong academic training in ecological principles, wildlife monitoring, and conservation science, with demonstrated interest in field-based wildlife research and conservation. AND 4 Years of experiences (after obtaining Master's Degree) in R&D in Industrial or Science & Technology Institutions or Scientific Activities and Services.
	Desirable Qualification(s)	Prior experience in wildlife field research, particularly camera trap surveys, carnivore monitoring, or biodiversity assessments in forest landscapes is desirable. Candidates with experience in camera trap data management, ecological data analysis using R, and spatial analysis using GIS (QGIS/ArcGIS) will be preferred. Experience in working with Forest Departments, community engagement, conservation awareness programmes, and scientific report writing will be an added advantage.
	Description of Work	The Senior Project Associate will assist in field implementation of camera trap surveys and ecological data collection for population assessment of Fishing Cat in Dudhwa landscape and Clouded Leopard in Pakke–Eaglenest landscape. The candidate will assist in deployment and maintenance of camera traps, data management, preliminary data analysis, and preparation of project reports. The individual will support coordination with Forest Departments, assist in training and capacity building of frontline staff, and participate in community awareness programmes. The position involves extensive fieldwork in remote areas and execution of project activities as assigned by the Principal Investigator.
02 (3)	Position	Project Associate I (Ecology)
	No. of Position(s)	One (01)
	Monthly Emoluments	(i) 37,000/- + HRA (NET or GATE qualified candidates). (ii) 30,000/- + HRA (For non-NET or GATE qualified candidates)
	Age Limit	35 Years
	Project Duration	One year (likely to be extended)
	Essential Qualification(s)	Master's Degree in Natural Sciences (Wildlife Science / Ecology / Forestry / Biodiversity and Conservation) from a recognized University or equivalent. Candidates must have strong academic training in ecological principles, wildlife monitoring, and conservation science, with demonstrated interest in field-based wildlife research and conservation.
	Desirable Qualification(s)	Prior experience in wildlife field research, particularly camera trap surveys, carnivore monitoring, or biodiversity assessments in forest landscapes is desirable. Candidates with experience in camera trap data management, ecological data analysis using R, and spatial analysis using GIS (QGIS/ArcGIS) will be preferred.
