

All India Institute of Medical Sciences, Bathinda

Recruitment for a BFI–BIOME funded research project on coronary artery disease and air pollution in Punjab

Ref: AIIMS/BTI/DEAN(RES)/2026/92 • Dated 28 Aug 2026

TOTAL POSTS	APPLY BY	INTERVIEW	MODE
3	10 Sept, 5 PM	18 Sept, 9 AM	Contractual

About the project

Principal Investigator Dr. Madhur Verma, Department of Community and Family Medicine, is studying how indoor and ambient air pollution drive the worsening of coronary artery disease in adults across two districts of Punjab, through a prospective cohort combining environmental monitoring, clinical assessment and lab work. All three posts are temporary and contractual, co-terminus with the project.
