

Advertisement for the Post of Project Associate (DBT-Sponsored Project)
Department of Microbiology, Tripura University
Principal Investigator (PI): Dr. Bipin Kumar Sharma

Applications are invited from eligible and motivated candidates for the position of **Project Associate-1** in a Department of Biotechnology (DBT), Government of India sponsored research project with the following details:

Project Title: "Probiotic characterization and molecular identification of associated bacterial population from Lonailish of Tripura for creation of consortia to make fermented fish products with improved organoleptic and probiotic qualities."

Project Reference Number: BT/PR51898/NER/95/2096/2024

The project is sanctioned under the **BioRIDE Scheme** and will be carried out in the Department of Microbiology, Tripura University. The appointment is purely temporary and co-terminus with the project, for duration of approximately **three (03) years**, subject to satisfactory performance and availability of funds.

Eligibility Criteria

Essential Qualification:

- M.Sc. in Microbiology or equivalent degree in Life Sciences with basic knowledge of handling microorganisms.

Desirable Qualification:

- Practical experience in microbiological techniques and laboratory work.
- Basic knowledge of microbial bioinformatics and molecular biology tools.

Emoluments:

- ₹31,000/- per month + HRA (as per DBT norms).
- Emoluments may be revised as per DBT guidelines from time to time.

Application Procedure:

Interested candidates should submit the following documents via email:

4. Detailed Curriculum Vitae (CV)
5. Cover Letter stating research interest and suitability
6. Self-attested recent passport-size photograph

Applications should be sent to: bksharma@tripurauniv.ac.in

Important Dates:

- **Last Date for Application Submission:** 10/06/2026

Selection Process:

- Only shortlisted candidates will be informed via email.
- Selection will be based on academic performance and interview.

General Terms and Conditions:

- Candidates with a strong background in microbiology and demonstrated commitment to research will be preferred.
- The position is purely temporary and does not confer any right for permanent appointment.
- The selection process will strictly follow DBT norms and institutional guidelines.
- No TA/DA will be provided for attending the interview.
